

### KEY FEATURES

- This high performance awning/casement window has been designed to complement our existing high performance range of Designer Series windows and doors.
- Designed to accept Truth™ hardware. This allows us to offer very large casements and awnings fitted with scissor type winders with jamb to stile latches that secure the sashes in the closed position.
- The Truth™ hardware can resist very high negative wind loads with the use of winders and side latches.
- Low air infiltration, makes the product suitable for air-conditioned buildings.
- 102mm frames, mullion and transom have a soft 2mm internal radius.
- On casements it's possible to clean the external glass face when the sash is in the 90° open position.
- Truth™ awning/casement can be fitted with flyscreens.

Truth™ side latching mechanisms secure the sashes in the closed position, allowing the window to resist high negative wind loads.

The compact Truth™ winder has a foldaway handle for a sleek appearance.

Truth™ awning and casement windows can be fitted with flyscreens.

Series 616TR sashes are hung on heavy duty four bar stays (aluminium or stainless steel).

#### GENERAL

NB: Maximum panel height and width of Awning sashes are interdependent.

**Max Panel Height\***  
A/ @2400w = 800H  
C/ 2100mm

**Max Panel Width\***  
A/ @2100h = 900w  
C/ 1200mm

**Max Glass Thickness**  
24mm

**Frame Depth**  
102mm

**ENERGY**  
**UW Range**  
4.2-6.9

**SHGC Range**  
0.14-0.56

#### WEATHER

**Maximum Water**  
450 Pa.

#### ACOUSTICS

This product has not been acoustics tested. AWS anticipates this product's acoustic performance will be in-line with Series 616.
